PUGET SOUND
HEALTH PARTNERS

H9302_Pro_07022009

Section 1 – Introduction

This directory provides a list of Puget Sound Health Partners' plan providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our plan providers that are listed in this directory to be your Primary Care Provider (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Your PCP is a physician, nurse practitioner, or other health care professional specializing in family practice, general practice, or internal medicine who meets state requirements and is trained to provide basic medical care. You will get your routine or basic care from your PCP. Your PCP will also coordinate the rest of the services you may require.

The "plan providers" listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory; however, in many cases you will need to see your PCP to get a referral prior to seeking services from any other health care provider.

When your PCP thinks you need specialized treatment, he/she will give you a referral to see a plan specialist. A specialist is a doctor who treats a specific disease or part of the body, such as a cardiologist who treats patients with heart conditions or an orthopedist who cares for patients with certain bone, joint or muscle conditions.

For some types of referrals, your PCP may need to get approval in advance from our Plan (this is called getting "prior authorization").

The following services require prior authorization from Puget Sound Health Partners:

- Inpatient Admissions (i.e. acute hospital, skilled nursing facilities, rehabilitation facilities)
- Durable Medical Equipment (any item costing more than \$500)
- Referrals to non-participating providers and facilities
- Oncology services (i.e. radiation or chemotherapy)
- Plastic Surgery
- Physical, Occupational, Speech Therapy
- Radiology or Imaging (i.e. MRI, MRA, PET)
- Other services such as transplants, in-area dialysis, home health, sclerotherapy

What is the service area for Puget Sound Health Partners?

The counties in our service area are listed below.

- Snohomish County
- King County
- Pierce County
- Thurston County
- Lewis County

What if I receive care from a non-contracted provider?

In certain circumstances, such as an emergency, you may receive care from a non-contracted provider or facility. In that case, the provider of service may bill you directly instead of billing Puget Sound Health Partners. If this occurs, you should not pay the facility directly, but should instead retain a copy of the bill and then forward the original to Puget Sound Health Partners. We will process the claim and you will be advised by the provider of service of any remaining balance that is your responsibility to pay. Our Member Service Department is also available to assist in these situations and is happy to contact the provider of service to advise them that we are responsible for payment. Our Member Service Department can be reached at 1-866-789-PSHP (7747), during the following hours: November 15 - March 31, 8am - 8pm, 7 days a week; April 1 - November 14, 8am - 5pm, Monday - Friday.

What if I am out-of-area and need care?

Puget Sound Health Partners offers coverage for medical emergencies anywhere in the world. A "medical emergency" is when you believe that your health is in serious danger. A medical emergency includes severe pain, a bad injury, a sudden illness, or a medical condition that is quickly getting much worse.

If you have a medical emergency you should get help as quickly as possible. You do not need to get approval or a referral first from your doctor. You may get covered emergency medical care wherever you need it.

2010 Provider & Hospital Directory

As soon as possible, make sure that we know about your emergency, because we may need to be involved in following up on your emergency care. You or someone else should call to tell us about your emergency as soon as possible by calling our Member Services Department at 1-866-789-PSHP (7747) during the following hours: November 15 - March 31, 8am - 8pm, 7 days a week; April 1 – November 14, 8am - 5pm, Monday - Friday.

How do I find Puget Sound Health Partners providers in your area?

Network providers are sectioned by categories within the directory. You can find a provider by first looking at the table of contents in Section 2 below. Go to the page indicated for the type of provider you want and from there, look under the county and city headings for an alphabetical list of the network providers, by location, available in that area. Or, you may find a specific provider using the index in the back of this directory. The index lists all providers in alphabetical order and identifies the specific page number where you can find the provider.

If you have questions about Puget Sound Health Partners, please call our Member Service Department at 1-866-789-PSHP (7747), during the following hours: November 15 - March 31, 8am - 8pm, 7 days a week; April 1 – November 14, 8am - 5pm, Monday thru Friday.
